

YOUR REFINED JOURNEY  
BEGINS HERE

RIVER HOUSE  
AT ODETTE'S

TEAM BUILDING COLLECTION

River House specializes in creating fully immersive retreat experiences, perfectly blending strategic conference programs with luxury level property and community activities. Refined Journeys – as we call them, are designed to inspire creativity, positivity, and collaboration with an array of onsite and local teambuilding programs for any size group. Let our team inspire yours!

## HEALTH/FITNESS

### BIKING

There's no better way to inspire creativity than with a bit of fresh air and cycling. The River House will set your team up with custom Priority Bikes and a basket of goodies for a scenic nature tour along the 60-mile Towpath on the Delaware River. Journey down the river to explore the beautiful, lush landscape, cruise through charming downtown New Hope and over the bridge to picturesque Lambertville. This activity is available and perfect for any season.

### HIKING

Look deep into nature, and you will understand everything better  
– *Albert Einstein*

Outdoor exploration is one of the greatest bonding opportunities. Little did you know, there are many hiking trails in Bucks County. Let the River House team coordinate your self-guided hiking excursion, with transportation times and trail selection based on your desired level of intensity, terrain, and site exploration. On the hike, challenge your team's observational skills, knowledge of nature, and working together to get to your destination.

### YOGA

Partnering with local yoga studio, DIG Yoga, let us arrange a private class to improve the mind, body, and soul of your team. YOGA is best known for decreasing stress, building stronger relationships, and improving communications through synchronized poses and breathing while simultaneously searching for inner calm. Let the River House team reserve your session on the lawn as the fresh breezes, and rolling river refocuses your team's energy for the day.

### GOLF

Looking to increase collaboration and improve communication? Our corporate golf outing is designed to help build trust and cooperation while challenging your team to think strategically. It can be as fun, light, or competitive as you'd like. Challenge your team to connect and learn to work better together while offering them the perfect opportunity to de-stress and unwind.

### WATER ACTIVITIES

Bucks County is known for tubing, kayaking, and rafting down the Delaware. They say that the ebb and flow of water helps inspire creativity, so why not spend the afternoon with your team on the river? Let the ideas flow as you explore the river country with a spirited ride on the rapids.

# CREATIVE INTERACTIONS

---

## DIY WORKSHOPS

Our specialty... let the River House team curate a private DIY interactive workshop customized for your group. Create a masterpiece while sipping wine with a local instructor, participate in a candle making class, design a floral arrangement, and more! The ideal opportunity for your team to socialize, collaborate, and have fun while creating unique pieces that you'll be proud to display in your home or office.

## GAMES AND ACTIVITIES

How do you find the perfect activity for a diverse team with different tastes, likes, and hobbies? A little healthy competition should do the trick. How about a live, interactive game of Jeopardy or "Family" Feud? We've created a curated list of games and activities to incorporate throughout your stay.

# FOOD AND DRINK

---

## COOKING CLASSES

Want to learn how to create an Instagram-worthy charcuterie board? Interested in apple picking from a local orchard and creating a masterfully crafted dessert from your findings? Let our culinary team demonstrate and guide your group in crafting seasonal fare that compliments the rich farmland of Buck County. A variety of class options are available and can be customized to suit the culinary skill levels of your team.

## WINE/BEER TASTING

Whether a casual wine drinker or a connoisseur, delight your senses with a coursed dinner, complete with an expertly selected wine pairing to complement each dish. Let our sommelier educate you on the region of each wine as you sip and swirl your way through dinner.

## ALE TRAILS

Bucks County is home to 21 breweries. Travel through the rural Pennsylvania landscape on one of our Sprinter shuttles to explore the local beer scene. Let the River House coordinate an ale trail precisely for your team, including local favorites such as Triumph Brewing company, Great Barn Taproom, River Horse Brewing, and many more.
